**REMARKS**

In an Office Action dated December 24, 2002, the Examiner asserts that "the Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1-3, 19, 30 and 31 are generic." Office Action, pg. 2.

Claims 1-3, 19, 30 and 31 are not under prosecution in the present application. The present application is a divisional of U.S. Patent Application Serial No. 09/655,378, which is a continuation of U.S. Patent No. 6,372,424. In the '424 patent the Applicants prosecuted Claims 1-44.

U.S. Patent Application Serial No. 09/655,378 is a continuation of the '424 patent. A Preliminary Amendment was filed on June 13, 2001, in which Claims 1-44 were canceled and replaced by Claims 45-123. In an Office Action dated August 15, 2001, the Examiner submitted a restriction requirement upon the Claims. In the restriction requirement, the Examiner restricted the claims into four groups: Group I, Claims 45-70; Group II, Claims 71-94; Group III, Claims 95-108; and Group IV, Claims 109-123. In an Office Action Response dated August 28, 2001, the Applicants elected to pursue Claims 45-70 (Group I) and cancel Claims 71-123 (Groups II, III<sup>1</sup>, and IV<sup>2</sup>) retaining the option of pursuing these Claims in separate applications.

U.S. Patent Application Serial No. 09/940,925 is a divisional of the '378 application. A Preliminary Amendment dated August 28, 2001 elected to pursue Claims 71-94, and cancel Claims 45-70 and Claims 95-123. Enclosed is a photocopy of the August 28, 2001 Preliminary Amendment and a photocopy of the postcard receipt, and a photocopy of the Express Mail label. Because pending Claims 71-94 were already the subject of a restriction requirement, Applicants believe no further restriction is appropriate
